The independence of this class of workmen is shown in the following petition to Council from thirty-four woodsawyers of this city, who agree to ask that hon-orable body "to require that all persons who saw wood in the city shall take out a license, and any person that saws wood without a license must pay s fine. And they ask also that the price of sawing wood he fixed according to the number of cuts. The price we charge, and which is cheerfully paid by all honest people in this town, is one dollar for one out, two dollars for two duts, and so on. A communication from Dr. Lebby, notifying Council that the buildings at the quarantine station would be completed next week, and stating that the Governor had requested Council to take charge of them until the meeting of the Legislature, was referred to the Committee on Quarantine and Lazaretto.

Alderman Mackey moved that the report of the Committee on Licenses upon the petition of J. Wulbern be reconsidered. Adopted.

The Alderman then moved that the application of Wulbern to have the license of Stelling & Wulbern transferred to bim to laid upon the table, which was also adopted.

An explanation of the reason for these motions being asked for by Alderman Voigt, Alderman Mackey said that be had, upon the bighest authority, the information that on last Friday evening, three gentlemen, two of m were Aldermen (Hampton and E. P. Wail,) entered the catablishment of Mr. Wulburn and called for refroshments; that after considerable time the refreshments were sent at double the expense usually charged, this being done only because of their color; that afterward while these gentlemen were sitting in a room of the establishment, they attempted to open a window in order to get air, but it was closed as often as it was opened, the proprietor asserting to others as his reason for so doing, that be did not wish any one to see that there were colored men on his premises. The Aldermen then offered a resolution Providing that the petition of Mr. Wulburn be not granted, speaking at longth in support of it.

The yeas and mays were called for. Alderman Geddings did not wish to vote until he knew more about the matter, and moved that the whole subject be referred to a committee to asportain all particulars connect ed with the transaction. He was excused from voting, but whon Alderman Hollo vay, colored, desired the same privilege, he was refused, and the privilege extended to Alderman Geddings withdrawn.

The vote was then proceeded with, resulting as follows : Aldermen Broww, Collins, Cunningham, Small, L. F. and E. P. Wall, Mackey, Hampton, McKinlay and the Mayor, affirmative—10. Geddings, Voigt and Holloway, negative-9.

The application of E. H. Brodie was referred to the Committee on City Lands.

The application of E. J. Symons was referred to the same committee.

The application of T. G. Simons, for the executors of Hyam's estate, was read, and the amount referred to ordered to be paid.

BILLS. Alderman Voigt moved the first reading of the bill to amond the bill to appraise the rate able property of the city, as follows: That section three of an ordinance entitled "An orpossess a memento of a gallant and unfortn- dinance to appraise the rateable property of the City of Charleston, and for other purposes ratified on the 21st day of September, A. D. 1869, be amonded as follows: strike out the first sentence and insert in lieu thereof the following: "That for the purpose of taxation, all real estate shall be appraised uniformly and at the actual value thereof."

The motion was granted, and the bill read the first, second and taird times, and ordered to be engrossed for ratification at the next meeting. Alderman Mackey moved that the bill to

amend the Lumber bill be read by its title, which was done. Aiderman Small, colored, offered a recoin tion providing substantially, that all of the city printing not already constructed for be

done at the office of a Badical paper.

Alderman Mackey moved that the Committee on Printing be instructed to advertise for proposals, as it was the duty of Council to ad vertise for propossis to do the work, which involved an expense of from \$5000 to \$7000 per

annum; that so far as he knew there might now be proposals for the city printing. Alderman Gunningham favored the adoption of Alderman Small's resolution.

After an exciting debate, the 'resolution was men led slightly and adopted. Alderman Mackey offered a resolution providing that the woodsawvers after the let of October, be made to take out a license, or be tined \$10; and that the price to be charged by them for sawing wood be not more than one
